Dear Sir:

In response to the election requirement mailed February 3, 2004, applicants elect the species of Figs. 13-15, with traverse. Claims 1-22, 34-55 and 67-88 read on the elected species.

The basis for traversal is that examination of both species would not place an undue burden on the examiner. A search for one species would largely overlap with a search for the other species. Accordingly, withdrawal of the election requirement is respectfully requested.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
